The program below is suggested for students who wish to receive an associate degree at Midland College and transfer to a four-year college. An official degree plan should be filed the semester before graduation; please contact the Dean whose name is listed above.

The following is the suggested sequence of courses for these degrees. A + indicates courses with a prerequisite or a co-requisite. However, courses that do not have a prerequisite do not have to be taken in order. For example, GOVT 2301 does not have to be taken before GOVT 2302 since 2301 is not a prerequisite for 2302. Nevertheless, the general sequence should still be followed. Part-time students may take more than four semesters to complete the degree.
