Now more than ever, Midland needs trained technicians and Midland College needs your help to enable students to stay in college and become productive, skilled employees. This fundraising event provides scholarships for students pursuing degrees and certificates in MC’s Applied Technology programs. To date, we have raised in excess of $15,000.00 and helped over 20 students stay in college. We would like to add more to these totals this next year. Please help support us in this important endeavor by getting out and playing golf or donating to our 3rd Annual Technical "Shoot Out."

Sponsor deadline is May 9, 2013. Team deadline May 30, 2013.
