During the last Texas legislative session, Senate Bill 1170 (SB 1170) was passed and signed into law. SB 1170 requires that any incoming new student who is enrolling for classes and lives on campus must either receive a vaccination against bacterial meningitis (10 days prior to the start of the semester) or meet certain criteria for declining such a vaccination.

Therefore, beginning in January 2012, incoming students who are enrolling for classes and living on campus will be required to provide verification of vaccination against bacterial meningitis or provide a signed affidavit declining the vaccination to the Midland College Admissions office. A conscientious exemption form from the Texas Department of State Health Services must be used. (https://webds.dshs.state.tx.us/immco/affidavit.shtm).

The applicant must clear the Midland College Admissions requirements including the meningitis vaccination requirement at a minimum of 10 days before the start of the semester.

I have read and understand the above information regarding the vaccine for bacterial meningitis as required by the State.
