Join us for HealthMATCH 2011 in El Paso, Texas!
Thursday, March 31, 2011

Bringing together communities and clinicians to explore practice opportunities.

Enclosed is the Community Registration/Information Form for HealthMATCH 2011 scheduled for March 31, 2011 at the Texas Tech University Health Sciences Center, Paul L. Foster School of Medicine in El Paso, Texas for TTUHSC residents, medical students, and nursing students. The purpose of HealthMATCH is to provide West Texas communities and residents and student clinicians at Texas Tech University Health Sciences Center a forum to interact and discuss practice opportunities. Through the many contacts made between communities needing providers and residents and student clinicians looking for a practice location several relationships have formed. This is a great opportunity to talk with residents, medical students and nursing students about your community, your hospital/clinic, group practice and the need you may have for specific doctors and nurses. At this time, there are approximately 197 residents in the following specialties: 45 in Internal Medicine, 15 in OB/GYN, 40 in Pediatrics, 24 in Family Medicine, 29 in Emergency Medicine, 13 in Psychiatry, 9 in Radiology, 18 in Surgery, and 4 Transitional who have been invited to participate in HealthMATCH 2011. There will be 175 medical students invited as well that have not decided on a specialty. These students would be ideal candidates for your future needs a few years down the road. Furthermore, 66 nursing students have been asked to participate.

If you would like to participate, please complete the enclosed Community Registration/Information Form and return it to: Borderland AHEC, Marci Brooks Daniels, TTUHSC, 5001 El Paso Dr., Archer Building, Rm 11H02, El Paso, TX 79905, or you may email the information to marci.daniels@ttuhsc.edu by March 11, 2011. If you have any additional information you would like to include about your practice site or the community, please feel free to note it or send it. We will provide a manual containing brief information about each community to the residents, medical students, and nursing students who attend the event.

Please refer to additional information attached for agenda, time of event and driving directions. There will be a community breakfast prior to the event followed by a brief welcome introducing the communities that are present. The residents, medical and nursing students will then have the opportunity to talk with you one-on-one at your exhibit table. If you have questions please contact Marci Brooks Daniels at 915-346-8861 or by email at marci.daniels@ttuhsc.edu.

We look forward to receiving your registration and seeing you at HealthMATCH 2011!

Borderland Area Health Education Center
5001 El Paso Dr., Archer Bldg., Rm 11H02
El Paso, Texas 79905
“A service of Texas Tech University Health Sciences Center”
The purpose of HealthMATCH 2011 is to provide West Texas communities, medical residents, medical students, and nursing students at Texas Tech University Health Sciences Center a forum to interact and discuss practice opportunities.

HealthMATCH is patterned after the Texas Department of Rural Affairs annual HealthFIND event, which is held each year in various Texas locations. Many of the residents and students at TTUHSC have been unable to participate in HealthFIND due to travel limitations.

The West Texas Area Health Education Center (AHEC) Program and Borderland AHEC are pleased to sponsor this community-health professional matching event in collaboration with Texas Tech University Health Sciences Center, Paul L. Foster School of Medicine Hispanic Centers of Excellence, at El Paso, Texas.

This event is not intended to replace HealthFIND for our residents, medical and nursing students or rural communities in West Texas, but it is intended to be an additional resource for communities seeking providers and medical residents and nursing students seeking practice opportunities and to inform students about future opportunities.

The HealthMATCH 2011 event will be held in the Paul L. Foster School of Medicine, Medical Education Building in El Paso, Texas. At this time, there are approximately 197 residents who have been invited to participate in HealthMATCH 2011. There will be 175 medical students invited as well that have not decided on a specialty and 66 nursing students. Every student/resident will receive a manual containing brief information about each participant/community attending the event.

**Agenda**

- **9:00 a.m. - 10:30 a.m.** Welcome Breakfast for Communities with Dr. De La Rosa, Founding Dean, Paul L. Foster School of Medicine
- **10:30 a.m. - 11:15 a.m.** Table/Exhibit setup and lunch. Includes one 8 ft. table with 2 chair(s)
- **11:30 a.m. - 12:00 Noon** Welcome
- **12:00 Noon - 1:00 p.m.** Lunch with residents and medical students.
- **11:30 a.m. - 2:30 p.m.** Table/Exhibit visits. Opportunity for one-on-one interaction with interested residents and medical students.
- **2:35 p.m.** Take down exhibit.

**Registration**

To participate in HealthMATCH 2011, please complete the enclosed Community Registration/Information Form and return it to Marci Brooks Daniels at Borderland AHEC, 5001 El Paso Dr., Archer Building, Rm 11H02, El Paso, TX 79905 or email: marci.daniels@ttuhsc.edu by March 11, 2011. For questions, call Ms. Daniels at 915-346-8861 or email her at the address listed above. **Special Note:** If you are unable to attend in person – you can send your registration/information form back to be placed in the student/resident manual. You can also send (mail) brochures about your facility or business, a job description, etc. to be set out on a table the day of the event.
Day of Event
The HealthMATCH event will be held at the Paul L. Foster School of Medicine, Medical Education Building, located at 5001 El Paso Drive in El Paso, Texas. Visitor parking is located in front of the main entrance to the building. See below for driving instructions.

Audio Visual
The Borderland AHEC will have available a laptop computer and projector for your use. The laptop will play CD’s and DVD’s, and has USB ports for a thumb drive. Please let me know if you need other audio visual support and if you need electricity for your table display.
