Midland College
Syllabus
EMSP 2243
Assessment Based Management (2-1-0)

Course Description

This capstone course is designed to provide instruction in comprehensive, assessment based patient care management. The course includes specific care in dealing with pediatric, adult, geriatric, and special needs patients.

Text, References, and Supplies

- Uniform t-shirt, pants, footwear

Student Learning Outcomes

Upon successful completion of the course, students will:

1. Integrate pathophysiological principles and assessment findings to formulate a field impression.
2. Implement a treatment plan for patients with common complaints.

Student Contributions, Responsibilities and Class Policies

Students will be expected to attend all classes. Class will start promptly at the designated time. Any student arriving late will be counted tardy. **Three tardies will result in one (1) absence. Students will be allowed 5 absences during a semester. If a student exceeds five (5) absences during the semester, they WILL be dropped from the program.**

All exams and assignments MUST be done and turned in BY the given due date and time to get credit. If you are absent that day, you will have until the next class period to get it turned in. Any variance in this will be done ONLY at the instructor’s discretion.

Evaluation of Students

Students will be evaluated through unit examinations that will consist of true/false, multiple choice, short answer, and essay type questions. Quizzes, computer assignments will be 50% of final grade. Attendance, participation and attitude will be 10% and workbook will count 10%. The remaining 30% will come from a comprehensive final examination. **Students MUST receive a final grade of 75% or better to receive a paramedic course completion and be eligible to sit for the credentialing exam. The student MUST make an 80% or higher on the final exam in order to sit for the certification examination.**

Grades will be assigned as follows:
A = 100 – 90%
B = 89 – 80%
C = 79 – 70%
D = 69 – 60%
F = 59 and below

Course Schedule

Some course assignments will be done on the computer. Students will be required to meet in the classroom to take exams, skills evaluations, and review. A detailed calendar of topics, assignments and test dates will be provided in class.

Americans with Disabilities Act (ADA)

Any student who, because of a disabling condition, may require some special arrangements in order to meet course requirements should contact Shep Grinnan as soon as possible. Mr. Grinnan’s office is located in the Scharbauer Student Center Building. These conditions may include documented physical or educational disabilities. Please be aware that services or accommodations are not automatic. Each student must request them and secure the proper authorizations/documentation.
