SUBJECT: Safety

I. Safety Requirements

The location and construction of buildings, lighting and heating, ventilation, corridors, closets, water supply, furniture, apparatus, and the methods of cleaning and campus maintenance shall be such as to ensure comfort, hygienic conditions, and safety for students, faculty, employees, and the general public.

It is the responsibility of each employee to immediately report the discovery of an unsafe condition to his/her supervisor.

II. Safety Information and Programs

The College will take every reasonable precaution for the safety of the students, employees, visitors, and all others having business with the College by promoting prevention and safety education information and/or programs for students and employees.
