

Midland College Professional Pilot Estimated Flight Costs

REQUIRED costs for **FLIGHT AND SIMULATOR TIME** are shown below by semester. Costs represent **minimum** flight requirements and individual student cost may vary depending on flights above the required time needed to become proficient. It is recommended that all students budget for the program by considering the typical flight (median) costs as listed.

THIS DOES NOT INCLUDE LIVING EXPENSES, TUITION, BOOKS AND PILOT SUPPLIES.

Room and Board (19 Meals)	\$2,030.44 per semester (tax included)
Family Units	600.00 per month

Bachelor Degree Program

The Professional Pilot Associate degree will feed into the Bachelor Degree program at Midland College. You can complete the Bachelors Degree online.

Please note: Fuel costs are erratic and will affect the cost of the flight program. We will work closely with our students to communicate any price changes which would reflect costs.

*Typical costs represent data, from the last two semesters, from average student costs.
