1) A high school student is eligible to enroll in dual credit courses in the eleventh and/or twelfth grade if the student:
   A. demonstrates college readiness by achieving the minimum passing standards under the provisions of the Texas Success Initiative.
      THEA - Reading 230; Mathematics 230; Writing 220
      COMPASS - Reading Skills 81; Algebra 39; Writing Skills (Objective) 59 and 5 or Written Essay - 6.
   B. demonstrates that he or she is exempt under the provisions of the Texas Success Initiative relating to Exemptions/Exceptions - ACT, SAT, TAKS.
   C. the student achieves a composite score of 23 on the PLAN with a 19 or higher in mathematics and English. An eligible high school student who has enrolled in dual credit under this provision must demonstrate eligibility to enroll in dual credit courses in twelfth grade.

What is dual credit?
Approved students may receive high school and college credit for selected courses taught on the high school or Advanced Technology Center campuses during the fall and spring semesters.

Additional evening, summer and Internet courses may be taken on the Midland College or Advanced Technology Center campuses with the high school counselor’s permission.

How many dual credit classes may I take?
Once you have received 30 hours of college credit for courses taken on a high school campus, you may not enroll in any additional dual courses offered at the high school location.

What does dual credit cost?
Dual credit requires the student to pay Midland College tuition and fees based on the number of semester credit hours. Enrollment and payment are required for BOTH fall and spring classes. Early admission course enrollment may require the additional cost of textbooks.

Will dual credit transfer to other colleges and universities?
After successfully completing a dual credit course, you will receive college credit at Midland College. This credit will remain part of your permanent college record. Most general academic courses will transfer to public colleges and universities. Some courses may not be accepted within your area of study. It is your responsibility to contact the appropriate college or university to see if your dual credit course(s) will be accepted. Midland College will be happy to assist you when researching colleges and transferability. To speak to a Midland College counselor please call 685-4730.

What are the Texas Success Initiative requirements for dual credit?

How do I get started?
To take dual credit courses, you must:

FREQUENTLY ASKED QUESTIONS

Approved students may receive high school and college credit for selected courses taught on the high school or Advanced Technology Center campuses during the fall and spring semesters.

Additional evening, summer and Internet courses may be taken on the Midland College or Advanced Technology Center campuses with the high school counselor’s permission. Enrollment in these courses is considered early admission in college. These courses will count as college credit. The high school will make the determination on whether or not each course will count for high school credit. If the high school accepts the credit, the GPA will transfer as either core or standard grade points, but not as honors (EAS).

How many dual credit classes may I take?
Once you have received 30 hours of college credit for courses taken on a high school campus, you may not enroll in any additional dual courses offered at the high school location. There is no limit on early admission courses taken on the Midland College campus or at the Advanced Technology Center.

## Courses Approved for Dual Credit Enrollment

These courses have been approved by the MISD Board of Trustees. The course offerings will vary from semester to semester and will be selected each semester or summer term from this official list. To be eligible to enroll concurrently for these courses, a student must have high school credit for the prerequisite high school course(s). Many dual credit courses are offered only at the PreAP or AP honors level. For more information about enrolling in these courses, see your high school counselor.
