MANDATORY-State Requirements for Licensure:

Completion of Midland College degrees and/or certificates does not guarantee eligibility to take a certification/registry/licensure examination. The eligibility of each person is determined on an individual basis by the regulatory body of the specific discipline. If you have a conviction of a crime other than a minor traffic violation, physical or mental disability/illness, hospitalization/treatment for chemical dependency within the past five years, current intemperate use of drugs or alcohol or a previous denial of a licensure or action by a licensing authority, you will need to contact the specific regulatory body (http://www.dshs.texas.gov/lcdc/lcdc_rules.shtml) for an individual ruling. Some programs require a criminal background check and urine and drug screen.

Course Description:

Examination of family systems focusing on the effects of addiction and recovery.

Text, References and Supplies:

1. Curtis, Olivia, Chemical Dependency A Family Affair. 1999, Brooks/Cole Publishing Company.

Student Learning Outcomes:

Upon successful completion of this course the student will be able to:

- Describe the effects of addiction on the family system.
- differentiate between various family treatment processes.
- identify the impact of addictive behaviors as they relate to diverse family structures; and analyze the roles of the family members in the addictive and recovery process.

Student Contributions, Responsibilities and Class Policies:

Students will be evaluated based on the results of examinations given throughout the semester. A tentative schedule showing the due dates of all quizzes, activities and exams is below. Students are expected to meet all deadlines. There are possibilities for make-ups on missed quizzes, activities and exams though you will need to communicate with me for the reason.

The student is ultimately responsible for his/her own learning and professional growth, what you put into it is what you will get out of it! It is your responsibility to conduct a realistic self-appraisal of what you personally need to master and how you can best attain it. Challenge yourself to grow as an individual and a professional. Please respect the confidentiality of the classroom and discussions that are held.

Students will be expected to comply with the policies outlined in the [Midland College Catalog](#). Instructor policies concerning attendance and academic behavior are consistent with the policies in the catalog. Regular attendance is required to do well in this class. Students will be evaluated based on the results of assessments outlined in the syllabus.

Withdrawal Policy:

Students who have enrolled in a Texas public institution of higher education as a first-time freshman in fall 2007 or later are permitted to drop no more than six courses during the entire undergraduate career. This limit includes all transfer work taken at a Texas institution of higher education and to second baccalaureate degrees. This statute was enacted by the State of Texas in spring 2007 (Texas Education Code 51.907). Any course that a student drops after Census Day is counted toward the six course limit if "(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student's transcript indicates or will indicate that the student was enrolled in the course; and (3) the student is not dropping the course in order to withdraw from the institution." Evaluation of Students:

This course is conducted online. Students are expected to fully participate in the course by logging into Canvas at least twice per week. The student will take weekly chapter quizzes as assigned on Canvas. The student will be able to take these on any computer that has internet access. There may be a time limit on these quizzes; be prepared to complete the quiz once opened. You may use lecture notes and other reference material to complete the quizzes.

All students will virtually, orally present a video genogram of their family to the class and relate the genogram data to one of the systems theories presented in class.

All students will research an approved family therapy book and submit the minimum of an 8-10 page typed paper using 12-point font with one-inch margins and double-spaced discussing theory, application, important techniques, etc. The student will virtually/orally present their finding to the class using a well-developed visual aid.

All students will complete a midterm exam; there are no exemptions for the midterm exam. All students will complete a final exam unless the student's grade is an 89.5 or above at the end of the semester grading.

The mid-term and final exams may be proctored, meaning that the student must go to a certified testing center showing acceptable identification in order to take the exam or take the exam in class with the instructor. It is mandatory to call the testing center and make an appointment; Midland College Testing Center contact number is 685-4735 or email at testing@midland.edu.
