Office Hours: Click here to enter text.

Notice: Students MUST actively participate by completing an academic assignment required by the instructor by the official census date. Students who do not actively participate in an academically-related activity will be reported as never attending and dropped from the course.

Course Description:
This course is designed to enable students to become proficient in the study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included. Pre-requisite: TSI complete in Math.

Core Competencies:
This course fulfills the three-hour Mathematics requirement in the Midland College Core Curriculum. The Core Curriculum is a set of courses that provide students with a foundation of knowledge, skills and educational experiences that are essential for all learning. The Core Curriculum is available in the Midland College Catalog. As part of the core, this course addresses the following three objectives:

Critical Thinking Skills – Students will demonstrate critical thinking skills by analyzing and applying characteristics of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices in course assignments, instructor created proctored exams, and a departmental final exam.

Communication Skills – Students will demonstrate communication skills in written, oral, and visual form within the classroom setting through instructor posed questions, collaborative peer assignments, and exams.

Empirical and Quantitative Skills – Students will demonstrate empirical and quantitative skills by analyzing real-world applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices through course assignments, instructor created proctored exams, and a departmental final exam.
Text, References and Supplies:
- Sullivan, College Algebra Bundle with MathXL/Custom Pkg for Midland College, 10th ed., Pearson.
- Scientific Calculator
- Computer access is required for this online course.
- MathXL code is required.

The student is responsible for any additional proctoring fees that may be required.

Student Learning Outcomes
Upon successful completion of this course, students will:
1. Demonstrate and apply knowledge of properties of functions, including domain and range, operations, compositions, and inverses.
2. Recognize and apply polynomial, rational, radical, exponential and logarithmic functions and solve related equations.
3. Apply graphing techniques.
4. Evaluate all roots of higher degree polynomial and rational functions.
5. Recognize, solve and apply systems of linear equations using matrices.

Student Contributions, Responsibilities and Class Policies:
Students will be expected to comply with the policies outlined in the Midland College Catalog. Instructor policies concerning attendance and academic behavior are consistent with the policies in the catalog. Regular attendance is required to do well in this class.

Students will be evaluated based on the results of module assignments, online quizzes, a proctored Midterm Exam, and a proctored Final Exam given during the semester. Students are expected to complete each assignment.

Attendance Policy:
This course is conducted primarily online with the exception of a proctored Midterm and Final Exam taken at a college or university testing center, or other approved location by the instructor. Students are expected to fully participate in the course by logging into Canvas at least twice per week. This is NOT a self-paced course. Refer to the Midland College website for more information at Midland College Catalog

Withdrawal Policy:
Students who have enrolled in a Texas public institution of higher education as a first-time freshman in fall 2007 or later are permitted to drop no more than six courses during the entire undergraduate academic career. This limit includes all transfer work taken at a Texas institution of higher education and to second baccalaureate degrees. This statute was enacted by the State of Texas in spring 2007 (Texas Education Code 51.907). Any course that a student drops after Census Day is counted toward the six-course limit if “(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student’s transcript indicates or will indicate that the student was enrolled in the
course; and (3) the student is not dropping the course in order to withdraw from the institution.” Please visit the Midland College Catalog

Scholastic Dishonesty:
Midland College does not tolerate scholastic dishonesty or academic misconduct in any form. Please read the Student Rights & Responsibilities section in the Midland College Catalog for more information.

Evaluation of Students:
Students will be evaluated based on grades which may include the following but are not limited to:

<table>
<thead>
<tr>
<th>Assessments</th>
<th>Percentage of Grade</th>
<th>Grade Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes/Assignments</td>
<td>0-30%</td>
<td>90-100 A</td>
</tr>
<tr>
<td>Proctored Exams</td>
<td>70-100%</td>
<td>89-80 B</td>

</table>

Course Schedule:
This class meets for an equivalent of 3 contact hours per week. Students are not required to attend campus except to take a proctored Midterm and Final Exam at a college or university testing center, or other approved location by the instructor. For a tentative schedule of the class material to be covered, please refer to the schedule provided in the Syllabus tab in Canvas.

Common Assessment:
All sections of this course have a common assessment. The common assessment for this course is shown in the schedule and is noted as such (see Instructor Handout).

Course Outline:
Chapter 1
Section 1.2 Quadratic Equations
Section 1.3 Complex Numbers; Quadratic Equations in the Complex Number System
Section 1.4 Radical Equations; Equations Quadratic in Form; Factorable Equations

Chapter 2
Section 2.2 Graphs of Equations in Two Variables; Intercepts; Symmetry
Section 2.4 Circles

Chapter 3
Section 3.1 Functions
Section 3.2 The Graph of a Function
Section 3.3 Properties of Functions
Section 3.4 Library of Functions; Piecewise-defined Functions
Section 3.5 Graphing Techniques: Transformations
Chapter 4
Section 4.1 Properties of Linear Functions and Models
Section 4.3 Quadratic Functions and Their Properties
Section 4.4 Build Quadratic Models from Verbal Descriptions and from Data

Chapter 5
Section 5.1 Polynomial Functions and Models
Section 5.2 Properties of Rational Functions
Section 5.3 The Graph of a Rational Function
Section 5.5 The Real Zeros of a Polynomial Function
Section 5.6 Complex Zeros; Fundamental Theorem of Algebra

Chapter 6
Section 6.1 Composite Functions
Section 6.2 One-to-One Functions; Inverse Functions
Section 6.3 Exponential Functions
Section 6.4 Logarithmic Functions
Section 6.5 Properties of Logarithms
Section 6.6 Logarithmic and Exponential Equations
Section 6.8 Exponential Growth and Decay Models

Chapter 8
Section 8.1 Systems of Linear Equations: Substitution and Elimination
Section 8.2 Systems of Linear Equations: Matrices
Section 8.6 Systems of Nonlinear Equations

Chapter 9 (Optional as time permits)
Section 9.1 Sequences
Section 9.2 Arithmetic Sequences
Section 9.3 Geometric Sequences; Geometric Series

ADA Statement:
Midland College provides services for students with disabilities through Student Services. In order to receive accommodations, students must place documentation on file with the Counselor/Disability Specialist. Students with disabilities should notify Midland College prior to the beginning of each semester.

Student Services will provide each student with a letter outlining any reasonable accommodations. The student must present the letter to the instructor at the beginning of the semester. More information can be found online at Student Services-Disability Services or by contacting the Midland College Disability Specialist at 685-4505.

Midland College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following individuals have been designated to handle inquiries regarding the non-discrimination policies: Tana Baker, Title IX Coordinator/Compliance Officer, 3600 N. Garfield, SSC 242, Midland, TX 79705, (432) 685-4781, tbaker@midland.edu; Natasha Morgan, Director Human Resources/Payroll, 3600 N. Garfield, PAD 104, Midland, TX 79705, (432) 685-4534,
nmorgan@midland.edu. For further information on notice of non-discrimination, visit http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm or call 1 (800) 421-3481.

Spanish

Midland College no discrimina por motivos de raza, color, nacionalidad, sexo, discapacidad, o edad en sus programas o actividades. Las siguientes personas han sido designadas para responder a cualquier pregunta o duda sobre estas políticas no discriminatorias: Tana Baker, Title IX Coordinator/Compliance Officer, 3600 N. Garfield, SSC 242, Midland, TX 79705, (432) 685-4781, tbaker@midland.edu; Natasha Morgan, Director Human Resources/Payroll, 3600 N. Garfield, PAD 104, Midland, TX 79705, (432) 685-4534, nmorgan@midland.edu. Para más información sobre estas políticas no discriminatorias, visite http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm o llame al 1 (800) 421-3481.
