Name:

Antony N. Giles

Names of all higher education institutions attended, with degrees earned:

University of Arkansas at Little Rock, BS Geology, Sul Ross State University, MS Geology, Washington State University, PhD (ABD)

All previous teaching positions, including the names of the institutions, the position, and beginning and ending dates of employment:

University of Arkansas at Little Rock, Geology TA, 08/1996-08/1998.
Sul Ross State University (Alpine, TX), RA, GIS, Geology TA, 08/2004-08/2006.
Washington State University (Pullman, WA), TA, 08/2006-08/2010.
Nicholls State University (Thibodaux, LA), Instructor of Geology, 01/2010-08/2013.

Significant professional publications related to the teaching position, with a full citation for each:

A Case Study of Greenstone in the Davis Mountains, Texas: A Possible Source for Lunate Stones, Walter, R. and Giles, A., Archaeological Explorations of the Eastern Trans-Pecos and Big Bend: Collected Papers, Volume 1, pp. 93-113, 2013.

Recognition of variants of A-type rhyolite: a comparison of the Snake River plain and Trans-Pecos Texas volcanic provinces A.N. Giles and J.A. Wolff, American Geophysical Union Annual Meeting Abstracts, San Francisco, CA, 2009.

The use of term projects and photo projects in large format (200+students) introductory geology courses: A.N. Giles and K. Wilkie, American Geophysical Union Annual Meeting Abstracts, San Francisco, CA, 2009.

Two petrologic types of high-grade ignimbrite? A comparison between rhyolites of the Trans-Pecos Texas and central Snake River plain volcanic fields, Giles, Antony N.; Wolff, John A.; Larson, Peter A.; Urbanczyk, Kevin M. Abstracts with Programs - Geological Society of America, March 2008, Vol. 40, Issue 3, pp. 11-12.
