

Midland College Application for Residency Reclassification

The Texas Higher Education Coordinating Board, rule 21.38, requires each student to provide substantiating documentation to affirm residence for tuition purposes. It also requires that students sign an Oath of Residency. Continuing students previously documented to be eligible for resident classification need not re certify their eligibility by completing this form. However, students who are applying for Reclassification should complete and turn this form into the Admissions Office.

RESIDENCE CLASSIFICATIONS

TEXAS RESIDENT - An adult Texas resident (18 years of age and older) is defined as one who has resided continuously within the State of Texas for 12 months immediately prior to his/her original registration. A minor Texas resident is defined as one whose parent(s) or legal guardian has claimed the dependent for federal income tax purposes both at the time of enrollment and for the tax year preceding enrollment. This classification is defined by the State Auditor's Office and must be adhered to by the institution.

NON-RESIDENT - Non-Resident - A non-resident student is defined as one who does not qualify as a Texas resident (out-of-state, international, etc.). A non-resident student classification is presumed to be correct so long as the student is in the state primarily for the purpose of attending school. To be reclassified as a resident, after one or more years of residency, the student must show proof of intent to establish Texas as his/her own residency. A student who owns property in the Midland College taxing district may be eligible for a waiver of out-of-state tuition. Students who believe they are eligible for such waivers must contact the Enrollment Services Office.

IN-DISTRICT - In-District - A Texas resident who physically resides within the geographic boundaries of the Midland College taxing district, excluding student housing or residence halls. To qualify for In-District tuition, a student must have been classified as a Texas resident, and have been a resident of the Midland College taxing district for a period of six months before first enrollment. A student may reclassify from Out-of-District to In-District status, with appropriate documentation, after six month's residency in the Midland College taxing district.

OUT-OF-DISTRICT - A Texas resident who does not physically reside within the geographic boundaries of the Midland Community College taxing District. Aliens living in the United States under a visa permitting residence must meet the same requirements for qualifying for resident status for tuition purposes as do U.S. citizens. A permanent resident must meet the same length of residency requirements as a citizen.
