Transportation Assistance is for full-time Career-Technical-Education majors with demonstrated financial need. If your enrollment falls below full-time status, you are to notify this office immediately. This office periodically checks enrollment status of participants. Your assistance may be revoked or reduced if full-time status is not maintained. At least 75% of your course work needs to be on campus, not web-based, to count toward enrollment requirements. Failure to comply may disqualify you from future assistance. I understand the terms of the Transportation Assistance program and agree to the items as stated above.
